GM's CORNER

**I WOULD LIKE TO
THANK ALL STAFF FOR
MAKING THIS YEAR'S
WEEK OF ACTIVITIES A
SUCCESS.**

**THIS ISUZU IS THE FIRST OF 4
TRUCKS TO ARRIVE**

Our week of activities has come and gone.

This year's theme was, OUR ENVIRONMENT, OUR RESPONSIBILITY: REDUCE, REUSE, RECYCLE.

Thanks to all staff for their effort in making **this year's activities** a success.

Your dedication to this theme is reflected in the work you do every day to keep Dominica clean and green.

During the week, the Corporation held a programme on DBS radio to discuss, **THE VALUE OF THE SOLID WASTE WORKER.**

You are very important to national development. You help protect our citizens from health risks. Your job is important. Continue to take pride in it

**WASH YOUR HANDS
BEFORE EATING!**

The Corporation received 4 trucks which were ordered to ensure a timely and more efficient collection service. The first truck arrived in late September, 2010.

In all two (2) Isuzus and two (2) Mitsubishi Fusos have arrived on island. The first truck was assigned to Daryl Esprit and his crew, to service the Roseau, Wall House and Castle Comfort area.

Each truck will be assigned to a particular driver and crew who will be responsible to clean and refuel their trucks after work.

Each trucks has a 10 cubic yard capacity. **DRIVE CAREFULLY!**

MORE PROTECTIVE CLOTHING

A number of staff have received their overalls. From all reports they fit comfortably.

Each Collection, Landfill and Garage staff will receive 3 overalls each. A total of 222, two hundred and twenty two overalls.

All staff have received a pair of shoes and two polo shirts each.

Have some patience, the trousers will arrive soon.

REMEMBER, WEAR YOUR PROTECTIVE GEAR.

A WELL EQUIPPED WORKER.

PART OF THE MINISTER FOR HEALTH'S ADDRESS AT THE LAUNCHING OF OUR WEEK OF ACTIVITIES: Oct. 11th to 17th.

HONOURABLE JULIUS TIMOTHY

The time has come for the DSWMC to become more entrepreneurial in its operations and thus reducing the dependence on Central Government.

From a human development standpoint, the time has now come, when we must look at our employees in a different light. The staff must be looked at with dignity and people must understand that they are playing a vital role in our society.

Firstly, they must be better paid. Secondly, they must be well equipped. Thirdly, they must be well supervised, so that they do their work professionally.....

They must be proud members of the solid waste staff, together with managers....all one solid profitable Corporation, performing their duties with dignity and pride.

I THANK YOU!
